

# The State of Hiring: Insights for 2021

## PXT Select™ Virtual Webinar

Forward-thinking organizations have recognized that “business as usual” after the pandemic does not look like it did before. But if the stress test of 2020 has taught us anything, it’s that crisis often creates opportunity.

Join us for the State of Hiring webinar to learn about the opportunities we’ve uncovered in our latest research survey. During the webinar, you’ll learn how hiring practices have been challenged and changed in the last year; and why the time is now for organizations to rebuild—better than before. We’ll walk you through our findings and the implications for how you can deliver value and drive results within your organization.

### In This Webinar You Will:

- Discover the unique recruiting, interviewing, selecting, and onboarding challenges identified by over 3,000 hiring managers.
- Learn the three actions hiring managers revealed they need to rebuild an organization so that it’s better than before.
- Explore how objective, reliable, and accurate data can improve hiring decision-making and bring consistency to the hiring process.
- Learn next steps to receive a complimentary PXT Select assessment and profile.
